

Thurgood Marshall is one of 50 Seattle elementary & middle schools using the RULER social emotional curriculum to help students understand and express their emotions. This important work is led by our school counselor, Ms. Matsui, whose position is 100% funded by the PTA.

Every class visits our library at least once a week to check out books from our top notch collection carefully curated by our full-time librarian, Mr. Zetterberg, whose position is 50% funded by the PTA. Mr. Z also provides curriculum to teach students digital citizenship and research skills, which align with non-fiction writing curriculum. He also provides a Maker Space, building creativity in our students.

Tutu's Pantry provides food for TM families, but a weekend of food only goes so far. Our School Counselor, Ms. Matsui, whose position is 100% funded by the PTA provides additional support for students in need and helps TM families in crisis access longer-term support services.

Every classroom teacher was given a \$300 grant funded by the PTA to purchase materials that benefit the educational classroom experience of your child. Teachers used this grant to purchase items like books for the classroom library and rugs for circle time.

Drama and ballet residencies, art supplies, xylophones, sheet music, playground and PE equipment are all funded by the PTA.

This is only possible through generous donations from families and right now we are \$70,000 short of our goal! Please consider donating today - you can do so on Facebook, Paypal, tmlink.org or by check payable to Thurgood Marshall PTA. Help us keep these and other PTA funded programs!
