PROGRAM NOTES

Parent/Guardian Responsibilities

By enrolling your child in an Enrichment class, you are responsible for the following:

- Knowing the dates that classes occur, including start and end dates! Check the listings carefully.
- Knowing the drop-off and pickup times for classes and, most importantly, ensuring your child is picked up on time.

Tutoring: If your student is participating in tutoring, remember that tutoring comes first.

Registration

- Please register your student(s) online by starting at <http://tmlink.org/enrichment>. Register for Karate class is through the instructors' website listed in the catalog.
- Classes fill on a first-come, first-served basis. Waitlists are processed in the order requests are received with the exception of scholarship spots. See scholarship section for more information.
- You will receive confirmation by email that your child is enrolled in a class. Please do not send your child to class without written confirmation of his/her enrollment.

Inclement Weather/School Closure/Class Cancellation

Morning classes will be canceled if SPS announce a late start due to weather or other concern. Afternoon classes will be canceled if SPS announces an early end to the school day for weather or another concern. There are no refunds when a single session of a class is canceled because the District has altered that day's schedule through a late start or closure. Pro-rated refunds will be given starting with the second instance of a class being canceled during a session.

If a class does not enroll sufficiently, it may be canceled. You will be notified and your fees refunded. A class meeting canceled by the instructor will result in a pro-rated refund.

Withdrawal from class

- If you withdraw from a class, you will receive a refund based on the following schedule:
 - Before the first day of class: full refund minus \$10 administrative fee.
 - After the first class but before the second class: 90% refund minus \$10 administrative fee.
 - After the second class: no refund.
- Classes that process registrations through a system outside of the PTA (Karate) may have different cancellation policies.

Getting to and from class

Students are expected to transfer independently to an Enrichment class. Homeroom teachers are given a class list at the beginning of each session, but they are not responsible for delivering students to their Enrichment classes. If you think this may be a challenge for your child, please contact

SCHOLARSHIPS AND FINANCIAL AID

The PTA's intent is that all TM students have the opportunity to participate in our Enrichment Program.

Students who are eligible for the Free and Reduced Price Lunch program may enroll in one Enrichment Program class for 10% of the class fee (yes, a \$100 class is reduced to \$10!) by using the **2020PUPS** code at registration. *Only one reduced-fee class request per qualifying student per session.*

The PTA's ability to grant aid is based on scholarship donations received and by the generosity of vendors and instructors who offer scholarships in their classes. We reserve the right to grant or deny all requests for financial aid. For questions, contact enrichment@tmlink.org.

NOTE: To ensure equal access to popular classes, a limited number of seats are held for scholarship students in each class until the fifth day of registration. On the fifth day of registration, any unclaimed seats held for scholarships are released to all students on a first-come, first-served basis.

enrichment@tmlink.org and we will try to arrange a "student buddy" to assist your child.

Parents are responsible for collecting their children promptly from afternoon classes. There will be no supervision for children after their class ends. If prompt pickup becomes an issue, your student may be removed from the class without refund for remaining classes. No bus transportation can be offered for Enrichment Program classes occurring before and after school.

Behavior at Thurgood Marshall

We have the expectation of respect for teachers/instructors and good behavior during classes. Students are expected to maintain the same behavioral standards that they have during the formal school day. If an instructor identifies a behavior issue, the following steps will be taken:

- At the first incident, the instructor will call parents/guardians regarding student behavior.
- The student will be given one trial class to improve.
- If the disruptive behavior continues, we reserve the right to remove the student from the class without refund for remaining classes. Please discuss enrollment with your child to be sure they want to attend a class.

Snack and Clothing

Each child should bring a small, easy-to-eat snack on class days. Please send your children with clothing appropriate for their classes. Athletics and dance classes require loose-fitting clothes and closed toe rubber-soled shoes. Art can be messy! Please bring an old shirt or a smock.

General Information

Enrichment Programs at Thurgood Marshall do not generate a profit for the PTA. A fee of up to \$25 is included in the listed fee to cover the direct costs of managing the program.

ARTS, CRAFTS and COOKING

ART WITH WILLOW

Session 1: Tuesday Afternoons • 3:35-4:35pm •
Grades 1-3 • \$195

Session 2: Friday Afternoons • 3:35-4:35pm •
Grades 3-5 • \$195

Session 1: Enchanted Art with Willow (Gr 1-3)

Draw, paint, and imagine: gnomes, fairies, elves, mer-cats, unicorns, dragons, and other fantastical creatures. Sculpt a glow-in-the-dark dragon's egg and paint a shimmering mermaid's tail! Your child will draw, paint, and sculpt mythical creatures while Ms. Willow shares fairy tales and true wilderness stories.

Session 2: Art Studio with Willow (Gr 3-5)

Draw, paint, sculpt, and collage bold and colorful art creations with a professional artist. Each week we will explore a different art theme such as: nature painting like Bob Ross, drawing animals, sketching fantasy art, making artist trading cards, ocean art, clay sculptures, and more. Students will vote on which art lessons Ms. Willow will teach.

Instructor: Willow Heath is an artist, illustrator, and storyteller who has been exhibiting her paintings in galleries for 20 years and instructing art courses for over a decade, including at Gage Academy of Art, SAM, and Pratt Fine Art.

Grades K-5 • \$225

Session 2: Tuesday Mornings • 7:40-8:40 am •
Grades K-5 • \$245

Kids will have the opportunity to learn to play their favorite songs and music on electric keyboards. The club is a combination of keyboard piano lessons and a music learning workshop, which uses a clever visual method to teach the basics of music reading and piano playing. We've developed lots of learning games and activities designed to teach kids basic music reading skills and playing techniques, in ways that are fun, engaging, and stimulating. We want our students to stay motivated and continue to want to learn to play music, whether they like Bruno Mars or Beethoven. We have all the music they want, from Star Wars, Moana, Coco, and more.

Each participant has their own keyboard and headphones supplied during the class. Books and other materials are also included. For both brand-new students AND returning and advanced students.

TECHNOLOGY AND CHESS

HTML 101

Monday Afternoons • 3:35-4:35 pm •
Grades 4-5 • \$275

Explore the design and structure of web pages with an introduction to HTML, the internet's fundamental programming language! You'll learn how to arrange content and insert text, images, and links into web pages. As you advance, you'll incorporate CSS to change fonts, add borders and colors, and much more. By the end of the course, you'll create a web page of your own design as a final project! HTML is an introductory course suitable for students new to programming and web design.

Learn more at <https://computingkids.com/courses>.

Instructors: UW Computer Science and Engineering students

Dates: 1/6, 1/13, 1/27, 2/3, 2/10, 2/24, 3/2, 3/9, 3/16, 3/23

MINECRAFT FUN AT TM

Monday Afternoons • 3:35-4:35 pm •
Grades 3-5 • \$175

Come learn building techniques and share fun tips. Students can code in Minecraft, build a world together, or explore some of the pre-built worlds based on books, science, or history. Create a farm, solar light sensors, Redstone contraptions, and colorful fireworks; fly with an elytra; or build a beautiful house full of cats and dogs. Creativity is encouraged! We will use Minecraft Educational Edition (EE). EE has some great features for collaborating inside a safe server only accessible in the classroom. This class is for all skill levels.

Instructor: Michelle Mansfield is a multimedia producer who has taught afterschool media production, Minecraft, animation, green screen, and more. She has taught Minecraft to staff and students at TOPS and Stevens Elementary.

Dates: 1/6, 1/13, 1/27, 2/3, 2/10, 2/24, 3/2, 3/9, 3/16, 3/23

No class 1/20 (Martin Luther King, Jr. Day), 2/17 (Mid-Winter Break)

PYTHON 2

Tuesday Afternoons • 3:35-4:35 pm •
Grades 4-5 • \$300

Create unique animation and video games with Python, a widely used general-purpose programming language! You'll start off with drag and drop lines of code, then get into editing individual lines as you learn to make projects of your own. Each class introduces a new skill or concept with a new program to create. At the end of the class, you'll create a capstone program of your own design!

Python 2 is intended to follow Python 1. The class incorporates a project-based curriculum that allows beginners to take things at a slower pace, while students more familiar with coding will be able to build more complex and unique programs each week.

Learn more at <https://computingkids.com/courses>.

Instructors: UW Computer Science and Engineering students

Dates: 1/7, 1/14, 1/21, 1/28, 2/4, 2/11, 2/25, 3/3, 3/10, 3/17, 3/24

ROBOTICS WITH LEGO WEDO

Wednesday Afternoons • 2:20-4:20 pm (2-Hours) •
Grades 2-5 • \$265

NOTE: THIS IS A 2-HOUR CLASS

Build and program robots in this introductory Robotics class using the new LEGO® WeDo 2.0® system. Learn basic programming skills, simple engineering concepts, and the names of robot components. Work in small groups to complete several projects using tilt and motion sensors. This is a great way to prepare young Robotics enthusiasts for our more advanced Robotics programs. Learn more at: www.play-well.org.

Instructor: Play-Well Staff

Dates: 1/8, 1/15, 1/22, 2/5, 2/12, 2/26, 3/4, 3/11, 3/18, 3/25

No class 1/29 (In-Service Day) and 2/19 (Mid-Winter Break)

SCRATCH 102

Thursday Afternoons • 3:35-4:35 pm • Grades 2-3 • \$300

Design your own world and bring it to life with Scratch, a visual drag and drop programming language developed at MIT. Each class you'll create an animation or game designed around a new skill or concept. Instructors will provide personalized help so you can progress at your own pace. By the last session, you'll design and program your own game as a final project!

Scratch 102 is designed to be taken in sequence after Scratch 101, but the project-based curriculum and individualized instruction means that new students as well as more advanced students can challenge themselves at their own pace.

Learn more at <https://computingkids.com/courses>.

Instructors: UW Computer Science and Engineering students

Dates: 1/9, 1/16, 1/23, 1/30, 2/6, 2/13, 2/27, 3/5, 3/12, 3/19, 3/26

CHESS

Session 1 (ALL LEVELS): Friday Mornings • 7:40-8:40am • Grades K-5 • \$245

Session 2 (BEGINNERS & INTERMEDIATE ENCOURAGED): Friday Afternoons • 3:35-4:35pm • Grades K-5 • \$245

The **morning** Chess Club welcomes players of all levels. Whether you're an absolute beginner or a monster of the tournaments, our talented instructors will help take your game to the next level.

The **afternoon** Chess Club at Thurgood Marshall welcomes all levels of players, but will be primarily focused on helping beginner through intermediate level players deepen their understanding of and appreciation for the ancient game of Chess through the study of classic games, tactics and competition.

If your student is an absolute beginner, we recommend that you teach them the basics before the first session – names of the pieces, how to move and capture, and how to set the board.

Instructors: William Schill, Steve Ryan, Seattle Chess School Staff William is a FIDE Master, a national master, two-times WA State Chess Champion, and 2016 Pacific Coast Open Champion. Coach Bill has been teaching chess for over 15 years, and serves as our Master Coach. Steve is a former software engineer who left the corporate world to help kids learn superior thinking skills.
